

## Chittenden Solid Waste District – job openings

The Chittenden Solid Waste District is seeking several full-time and part-time employees to join an incredible team, whose mission is to reduce and manage the solid waste generated in Chittenden County. CSWD recognizes that our employees are our most valuable asset. We pay competitive wages and have an excellent benefit package. We rarely have full-time job openings! Don't miss this opportunity to be part of a professional team that works hard, cares passionately about the environment and likes to have fun.

**Construction Project Manager:** Knowledge in construction and contract management, matched by a drive for innovation and constant improvement. This position is responsible for managing all phases of construction projects, include bid and evaluation, and construction oversight. Responsible for in-house design and permitting. Bachelor's Degree in Construction Management, Civil Engineering, or related field with five years of experience.

**Maintenance Operator:** This position works with a team of Maintenance employees who support operations through maintenance and transporting materials. Knowledge of basic electrical and plumbing skills, painting, sandblasting equipment, mowing, plowing, and basic vehicle maintenance. A minimum of two years general maintenance experience and the ability to drive a roll-off truck required.

**Drop-Off Center Operators:** CSWD is seeking highly motivated individuals to work at our busy Drop-Off Centers. We have openings for full-time, Saturday only, and on-call. Operators must enjoy interacting with the public and be able to operate a point-of-sale system and keep calm under pressure. Moderate to strenuous physical effort is required as is the ability to work outdoors year-round. Customer service experience a plus. Self-starters and those with a passion for recycling, composting, and waste reduction are strongly encouraged to apply.
