

## Instructor

*Todd Eaton* - VT Local Roads Circuit Rider

Todd has nearly 20 years of experience in various disciplines of construction including 9+ years in heavy highway construction supervision, inspection, and design of maintenance projects and traffic safety plans.

## Audience

- Road Crew
- Town Managers
- Selectboard Members
- Engineers
- Those involved in work zone traffic control and flagging

## About

This workshop provides participants with the basic understanding of work zone safety and flagging. Upon completion of this course, participants will receive a Flagger certification card.

During VOSHA inspections of municipal work zone set-ups, proper signs and stands, Flaggers may be asked to produce their Flagger certification card.

## Agenda

- ◇ Proper flagging techniques with safety as the top priority
- ◇ Proper use of cones, signals, barricades attire and flaggers
- ◇ Parts of typical work zone and how to deal with common problems.

Participants will plan a work zone set-up after discussing a scenario pertinent to workshop site.
