Snowplow Rally contestants, please prioritize your teams as we may only be able to get Team A in, depending on how many applications we receive.

The top two winning teams will be invited to go to Rhode Island to compete for a chance to head to the National competition to compete!

There are some changes this year: a new plow route, truck inspection, a time constraint, and no wing. Teams will still be in groups of two and drivers will switch halfway through the course.

Backhoe Competition may also have some changes.

Pre-registration for both is required. We highly recommend registering *EARLY* if you want to participate in either competition. Both are first come first serve.
