

Project Manager

The Chittenden Solid Waste District is seeking a full-time Project Manager to oversee capital improvement projects and the Maintenance and Property Management Programs.

About You: Your knowledge in construction and contract management is matched by a drive for innovation and constant improvement. You enjoy being part of a team that gets things done. You inspire others to do their best by leadership, communication and people management skills that serve you well when supervising construction projects or your direct reports in the maintenance department.

Applicants should have: Bachelor's degree in construction management, civil engineering, or related field with 5 years' experience associated with design, permitting, and construction projects, and familiarity with the solid waste industry a plus. This individual demonstrates excellent problem-solving skills and strong organizational skills.

Competitive salary and excellent benefit package. For more information on the position and CSWD, visit <https://cswd.net/about-cswd/job-openings/> Submit cover letter and resume to Amy Jewell (ajewell@cswd.net) by September 7, 2020.
