What's in this month's issue?

Trainings Within the Learning Management System (LMS)

- VLR eLearning Flagger Certification
- VLR Virtual Round Table, Introduction to Rivers & Roads
- VLR Virtual Supervisory Round Table, Vermont Surplus Program Overview
- VLR Virtual Technical Round Table, Road Signs, Mobility, and Pavement Markings
- VLR Virtual Stress Management
- VLR Virtual Round Table, MRGP Update & Road Erosion Inventory (REI) Demo
- TC3 (Transportation Curriculum Coordinate Council)

Featured Webinar Recording

- DigSafe

Tailgate Talks

- Excavation Safety
- Securing Loads

Trainings Within the LMS

NEW - VLR eLearning Flagger Certification

We have completed an eLearning version of our Work Zone Flagger course. It meets the requirements established by the Manual on Uniform Traffic Control Devices (MUTCD), the Occupational Safety and Health Administration, and Vermont standard requirements. This enables municipal employees to complete the course in our Learning Management System and receive a flagger certification card via mail.

The full course will take from 3-4 hours to complete. It has 4 modules each with a quiz at the end, after completing the 4 modules there are 4 drag and drop scenarios to demonstrate adequate understanding of work zone setup, and finally the exam at the end.
Roads Scholar Category - 4 Safety hours

VLR Virtual Introduction to Rivers & Roads

As Tropical Storm Irene and many floods before have demonstrated, Vermont's transportation infrastructure is highly vulnerable to erosion, deposition and inundation hazards associated with river flooding. This webinar provides a preview of the course content and focus points of the Rivers and Roads training program.

Roads Scholar Category - 1 Environmental hour

June 15

Virtual 8:00 a.m. - 9:00 a.m.

TC3 (Transportation Curriculum Coordination Council)

A technical service program within AASHTO that focuses on developing training products for technical staff in the areas of construction, maintenance, and materials. TC3 online courses continue to be a great way to achieve PDH's and do so in a self-paced learning environment. To find applicable trainings, [search in the LMS 'TC3' or 'AASHTO'](#), or by searching for a specific topic.

Newly Added Class:

- Safety Features of Roadway Departures

Version Updated Classes:

- Guardrail Series
 - Guardrail Basics
 - Installation and Inspection of New Guardrails
 - Maintenance and Repair
- Concrete Bridge Deck Packing
- Introduction to GIS Mapping

VLR Past Webinar Recordings

Coming Soon - Recordings of past VLR webinars will be available on our[website](#). They will be categorized by Roads Scholar category (Environmental, Equipment, Safety, Supervisory or Technical).

Featured recording for this week is DigSafe

Tailgate Talks

Vermont Local Roads in partnership with the Vermont Agency of Transportation (VTrans) is proud to announce the relaunch of "Tailgate Talks." These are intended to be brief 10-15 presentations of information, exercises, and opportunities to review important workplace policies and procedures with staff members.

To Review as a Group: Use the PDF to the right, once reviewed as a group, please send a sign-in sheet of names [to the VLR team](#). We will enter those names into the LMS to have the tailgate talks added to your transcript.

In the near future you will be able to watch recorded tailgate talks via the learning management system.
