

Instructor

VT Fish & Wildlife

Chris Bernier and Kim Royer are wildlife biologists working in the Furbearing Animal Division. They have many years of experience in understanding and dealing with beaver management and beaver conflict resolution including public relations, beaver bafflers and removal.

Who should attend?

Do you have beaver issues?

Do you have a citizen communication problem regarding beaver management?

Are you expending time and resources and still losing the beaver battle?

Are you responsible for developing a policy and/or management plan?

If you answered “yes” to any of these questions, then you should attend!

Objectives

At the end of the workshop you will be able to:

-  Describe the characteristics of beavers and their habitat
-  Use best management practices (BMPs) to manage beaver/human conflicts
-  Explain the laws pertaining to beaver management
-  Select a management method for nuisance beavers
-  Construct a beaver pond leveler
