Vermont Local Roads Program | VTrans Training Center | 1716 US Route 302 | Berlin, VT 05633-5001

Instructor

Mark Hood - Senior Traffic/Safety Engineer

Mark is the engineer for Pennoni Associates Inc. and the Pennsylvania LTAP Program. He has over 25 years of experience in the safety, traffic engineering, and technology transfer fields serving federal, state, municipal, and private clients throughout the country.

Currently, he provides training and technical assistance to Pennsylvania's 2,500 local governments to help define and solve their traffic engineering and highway safety problems through the Pennsylvania LTAP program.

Mr. Hood has a Bachelor of Science Degree in Engineering from Swarthmore College, and a Master of Science degree in Civil Engineering from Villanova University. He is a registered Professional Engineer in Pennsylvania, and a member of the Transportation Research Board.

About

This workshop provides an understanding of the legal and liability issues, various traffic calming devices and techniques, and how to incorporate them in planning.
